“Vintage Books On Disk #36”

This is an index to a CHRS Archives' newly-acquired compact disk (CD), containing in PDF format, some 167 scanned texts about early radio and its predecessors. The Library and Archives have many of these books as published, but the CD holds many others of interest. This list has been transcribed by Bart Lee, CHRS archivist (and lightly edited). The CD (disk) will sit on the “History” shelf of the library, Bay 1, Case D, shelf 3. The disk is Ebay item: 184096703095 (@ £ 14).
